

Thank you and congratulations on your purchase of an electric vehicle!

AP&T is excited to be able to support your commitment to cleaner fuel and new technology through its electric vehicle incentive program. Effective January 1, 2024 (by AP&T application received date) qualifying purchases are eligible to receive a \$500 payment.

Here are the steps required to receive your incentive:

1. Review our program requirements online and please fill out both pages of the questionnaire below to provide AP&T with basic information about your EV purchase. Please submit the completed form to incentives@aptalaska.com or to your local AP&T office.
2. AP&T will need to verify the presence of the vehicle in its service area, VIN, registration and title as titled to an AP&T customer. After AP&T receives your application, we will be in touch about scheduling an appointment for an AP&T employee to verify this information. If you are bringing your application to an office please work with our employees to verify the EV at that time and bring all necessary documents.
3. After ownership information is verified AP&T will mail you a \$500 check!
